1 PRODUCT AND COMPANY IDENTIFICATION

Manufacturer

Blistex Inc.
1800 Swift Drive
Oak Brook, IL 60523

Contact: Environmental, Health and Safety Coordinator
Phone: (630) 571-2870
Fax: (630) 571-4265
Email: msds@blistex.com
Web: www.blistex.com

Product Name: Odor Eaters Foot Powder - General
Revision Date: 11/3/2015
Version: 2
SDS Number: 120-4690v1 - General

Reason for revision: General update and GHS Compliance.

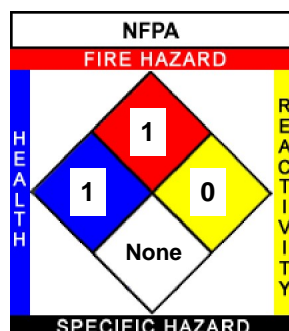

Previous SDS number(s): 044614_2

For emergency ONLY (spill, leak, fire, exposure or accident), call CHEMTREC at 800-424-9300.

2 HAZARDS IDENTIFICATION

Route of Entry: Skin, ingestion, mucus membranes.
Target Organs: N/E
Inhalation: Dust may cause irritation to the respiratory tract.
Skin Contact: None of the major ingredients are irritants.
Eye Contact: Dust may cause mechanical irritation to the eyes.
Ingestion: Not expected to cause any digestive tract effects.

NFPA: Health = 1, Fire = 1, Reactivity = 0
HMIS III: H1/F1/PH0

HMIS III	
HEALTH	1
FLAMMABILITY	1
PHYSICAL HAZARDS	0
PERSONAL PROTECTION

GHS Signal Word:

WARNING

GHS Hazard Pictograms:

GHS Classifications:

Health, Specific target organ toxicity - Single exposure, 3

GHS Phrases:

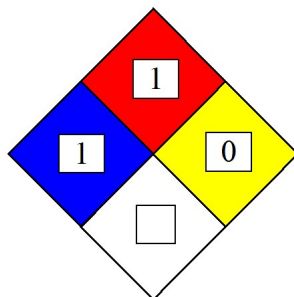

H335 - May cause respiratory irritation

GHS Precautionary Statements:

P103 - Read label before use.

P261 - Avoid breathing dust/fume/gas/mist/vapors/spray.

P304+341 - IF INHALED: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing.

Emergency Overview: White powder with fragrant odor. Dust may cause eye and respiratory irritation.

Carcinogenicity: None of the components of this product is listed by NTP, OSHA or IARC as a carcinogen.

Chronic: Prolonged exposure to dust may cause respiratory effects.

3 COMPOSITION/INFORMATION ON INGREDIENTS

Ingredients:

The Odor Eaters Foot Powder contains the following ingredients:

Component	CAS No.	%	ACGIH / NOHSC (TWA)
corn starch	9005-25-8	>1	10mg/m ³ (dust)
talc	14807-96-6	>1	2.5mg/m ³
sodium bicarbonate	144-55-8	>1	N/E
magnesium stearate	557-04-08	>1	N/E
silica	112945-52-5	<1	N/E
methyparaben	99-76-3	<1	N/E
fragrance	mixture	<1	N/E

N/E = not established

4 FIRST AID MEASURES

- Inhalation:** If overexposed or the result of deliberate misuse, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get immediate medical treatment.
- Skin Contact:** If irritation develops or persists, discontinue use. Wash with luke warm water and mild soap. If condition does not improve in several days, seek medical assistance.
- Eye Contact:** Immediately flush with plenty luke warm water for at least 15 minutes. Get medical attention.
- Ingestion:** Get medical attention immediately.

5 FIRE FIGHTING MEASURES

Flash Point: N/E
Flash Point Method: N/E
Burning Rate: N/E
Autoignition Temp: N/E
LEL: N/E
UEL: N/E

Extinguishing Media: Product is a white powder. Water, dry chemical, alcohol-type foam or carbon dioxide. Use water spray to cool and protect exposed materials.

Special Fire Fighting Procedures: Evacuate area and fight fire from a safe distance. Containers can build up pressure if exposed to heat (fire). Wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

Unusual Fire and Explosion Hazards: None known.

Hazardous Decomposition Products: Thermal decomposition will produce oxides of carbon and sodium.

6 ACCIDENTAL RELEASE MEASURES

General: Notify the appropriate authorities immediately. Take all additional action necessary to prevent and remedy the adverse effects of the spill. Collect spill and place in a chemical waste container.

Specific: Evacuate personnel, thoroughly ventilate area. Dike spills and absorb with an inert material. Prevent substance from entering sewers, waterways or low areas. Sweep up material and dispose as waste following local regulations. Scrub contaminated area with detergent and water.

See Section 13 for disposal.

7 HANDLING AND STORAGE

Handling Precautions: Wash thoroughly after handling.

Storage Requirements: Store and use in a well ventilated area. Store in a cool place. Keep container tightly closed.

8 EXPOSURE CONTROLS/PERSONAL PROTECTION

Engineering Controls: Control the airborne concentrations below the exposure limits. Use only with adequate ventilation.

Personal Protective Equip: Respiratory: Avoid breathing dust.

Skin Protection: None required.

Eye Protection: Avoid contact with eyes.

9 PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	White powder	Odor:	Slight fragrance
Physical State:	Powder	Solubility:	Not soluble
Spec Grav./Density:	N/E	Freezing/Melting Pt.:	N/E
Boiling Point:	N/E	Vapor Density:	N/E
Vapor Pressure:	N/E		
pH:	N/E		

10 STABILITY AND REACTIVITY

Stability:	Stable at room temperature.
Conditions to Avoid:	Intense heat - freezing.
Materials to Avoid:	None.
Hazardous Decomposition:	Thermal decomposition will produce oxides of carbon and sodium.
Hazardous Polymerization:	Will not occur.

11 TOXICOLOGICAL INFORMATION

Eyes: Dust may cause irritation.

Skin: No irritation expected.

Ingestion: None of the ingredients are expected to cause harmful effects.

Inhalation: Inhalation of dust may cause respiratory tract irritation.

Reproductive: None of the ingredients are known to cause harmful effects.

Carcinogenic: See Section 2.

12 ECOLOGICAL INFORMATION

At present there are no ecological assessment data available.

Complete information is not yet available.

No data is available on the adverse effects of this product on the environment.

According to present knowledge no negative reactions are to be expected.

13 DISPOSAL CONSIDERATIONS

Treatment, storage, transportation and disposal must be in accordance with applicable federal, state/provincial, and local regulations. Do not flush to surface water or sanitary sewer system.

14 TRANSPORT INFORMATION

(Not meant to be all inclusive)

D.O.T.: Not regulated.

15 REGULATORY INFORMATION

(Not meant to be all inclusive)

This product is regulated by the Food, Drug and Cosmetic Act.

This Material Safety Data Sheet has been prepared in accordance with the requirements of OSHA's Hazard Communication Standard 29 CFR 1910.1200.

16 OTHER INFORMATION

MANUFACTURER DISCLAIMER: The information contained in this Material Safety Data Sheet has been compiled from sources which Blistex Inc. considers reliable and accurate to the best of Blistex Inc.'s knowledge. The information relates only to the specific product described above, and not to use of the product in combination with another material. Customers and other users should read this SDS and the product label carefully before using the product. Blistex Inc. neither assumes, nor authorizes anyone to assume on Blistex Inc.'s behalf, any liability in connection with the use of the information in this SDS. The recommended industrial hygiene and safe handling procedures are believed to be generally applicable. However, each user should review these recommendations in line specific context of the intended use and determine whether they are appropriate.
